

# Community Outreach Program

Date: 9 April 2025

On 9 April 2025, St. Thomas' College of Education organised a community outreach programme under the Sadak Suraksha Abhiyaan initiative to promote road safety awareness among students and residents. The event aimed to educate participants on traffic rules, safe driving practices and responsible road behaviour, with the broader goal of reducing accidents through awareness and behavioural change. Participants took a collective pledge to adhere to traffic rules and actively promote road safety in their neighbourhoods. The outreach witnessed enthusiastic participation from around 50 students, 6 faculty members, and 30 local community members. Through the sessions and interactions, participants gained practical knowledge about road safety, while the event fostered stronger collaboration between the college and the local community for future initiatives. The program successfully provided a platform for learning, engagement, and awareness, highlighting the importance of responsible behaviour on the roads. St. Thomas' College of Education intends to continue organizing similar initiatives to encourage a culture of safety and responsibility in the region.
