

## Clean and Green Initiative

15 October 2025

A “Clean and Green” activity was organized at St. Thomas’ College of Education on 15 October 2025 with the aim of promoting environmental awareness and cleanliness among students. The event witnessed enthusiastic participation from students and teachers alike.

As part of the activity, students planted trees within the college campus to contribute to the institution’s green environment. They also clean the ground area by sweeping and collecting garbage, which was then properly disposed of in dustbins. The presence and guidance of teachers encouraged students to take responsibility for maintaining cleanliness and greenery in their surroundings.

Throughout the event, participants raised the slogan “Clean India, Green India”, spreading the message of environmental protection and civic responsibility. The activity concluded with a sense of pride and commitment toward building a cleaner and greener nation.
