## Pre-University Examination (2026)

St. Thomas College of Education organised Pre-University Examination for B.Ed. First Year (2025-2027) and Second Year (2024-2026) students from 11 May 2026 to 13 May 2026. The primary objective of these examinations was to guide students for the forthcoming university examinations by providing essential information about the examination pattern, syllabus coverage, important instructions and effective preparation strategies. The sessions also offered students an opportunity to clarify their doubts and receive valuable academic and motivational support from the faculty members.

The sessions proved highly beneficial, helping students to understand the examination requirements more clearly and strengthening their readiness for the forthcoming assessments.

After the completion of the examinations, the answer sheets were carefully evaluated by the faculty and subsequently shown to the students. Individual and group discussions were conducted to review their performance, identify common errors and academic shortcomings, and provide constructive feedback. Based on the analysis of students' responses, their areas of weakness were highlighted and appropriate remedial teaching was planned to address these gaps and strengthen their understanding of the subject matter before the University exams.
