ISRO REGISTERED SPACE TUTOR INAUGURATED BY IN-SPACE

provides your faculty from any discipline the chance to enroll in

AI TEACHER TRAINING CERTIFICATION BY AGNIRVA

ONLINE | 100+ HOURS OF LEARNING

ABOUT US

Agnirva.com is a professional learning network of 500+ colleges, uniting educators who are committed to advancing their teaching through emerging domains like Artificial Intelligence, Space Science, Product Management, Software, Design, and Climate.

Through hands-on certification programs and AI-integrated tools, Agnirva empowers teachers to stay ahead of the curve, enhance classroom impact, and lead their institutions into the future of education.

Agnirva.com Key Highlights

- Inaugurated by IN-SPACe (Indian National Space Promotion and Authorization Center, Dept. of Space, Govt. of India)
- ISRO Registered Space Tutor

AI IS NOW A MANDATE – CBSE AND AICTE LEAD THE WAY

National education bodies have officially recognized the urgency of AI integration—and they are acting.

● **CBSE:**

- Teachers instructing AI subjects must undergo formal training.
- The mandate ensures educators can deliver effective, curriculum-aligned AI instruction.

● **AICTE:**

- Declared 2025 as the *'Year of Artificial Intelligence'*.
- All affiliated institutions must submit their AI implementation plans.
- Faculty are expected to be AI-aware, AI-capable, and able to guide students in AI-enhanced learning environments.

● **The Message is Clear:**

Whether you're teaching in a school or a college, AI training is now a necessity.

RISKS OF IGNORING AI TRAINING

✗ **Students are already using AI—are teachers prepared to guide them?**

Without AI literacy, teachers can't monitor, assess, or guide students using tools like ChatGPT, Gemini, or Copilot.

⚠ **Widening Knowledge Gap**

Students become early adopters while educators fall behind, leading to disconnection and reduced classroom control.

📉 **Reduced Teaching Effectiveness**

Outdated methods fail to capture student interest or reflect real-world skills. AI-augmented teaching increases personalization and engagement.

AI TEACHER TRAINING CERTIFICATION BY AGNIRVA

Module-Based Learning Journey:

Total Duration: 128 hours 20 minutes

- ✚ Module 1: Creativity & Content Creation with ChatGPT
- ✚ Module 2: Career Growth with Meta AI
- ✚ Module 3: Social & Event Engagement with Google Gemini
- ✚ Module 4: Academic Tools with Copilot
- ✚ Module 5: Design Skills with Canva AI
- ✚ Module 6: Imagination & Art with DALL·E 3
- ✚ Module 7: Pro Visuals with Adobe Firefly
- ✚ Module 8: Voice Narration with ElevenLabs
- ✚ Module 9: Video Creation with Runway
- ✚ Module 10: Real-World AI Projects in Coding, Climate, Business & Space with Agnirva AI
- ✚ Module 11: Smarter Teaching Workflows with ChatGPT

INDUSTRY & CAREER RELEVANCE

✓ **Compliance with National Mandates**

Aligns directly with CBSE's AI teaching directive and AICTE's declaration of 2025 as the "Year of AI."

✓ **Improved Teaching Quality & Student Outcomes**

Teachers use AI to personalize lessons, automate routine tasks, and deliver engaging, high-quality instruction.

✓ **Faculty Career Growth & Retention**

AI-trained teachers become leaders in innovation—making your institution a magnet for both talent and top students.

✓ **Institutional Branding as AI-Forward**

Positions your college as a thought leader in AI-powered education—attractive to students, recruiters, and collaborators.

MINUTES OF MEETING

Self-Study Course (B.Ed.) – Academic Year 2025-26

Date: 25- 10 -2025

Convener of the course – Dr. Kavita Singh

Meeting with Dr Mugdha Anand (HoD) and Dr. M.K. Tyagi (Dean)

Agenda:

1. Review of the previous year's self-study course performance (AI FOR ALL).
2. Planning and implementation of the Self-Study Course for B,Ed, 1st and 2nd year students of session 2025-2027 and 2024-2026 respectively (AI TEACHER TRAINING CERTIFICATE BY AGNIRVA),
3. Discussion on student support systems (guidance. online sessions and counseling related to course).
4. Any other matters with the permission of the Chair.

Minutes:

1. Review of Previous Year's Performance (2024-25):

- The committee reviewed the academic progress and feedback from students enrolled in the 2024 - 2025 self-study course batch.
- It was noted that overall performance was satisfactory with improvements seen in self-paced learning engagement.
- Challenges identified included limited student interaction sessions.

2. Planning for 2025- 26 Self-Study Course:

- The meeting approved online B.Ed. self-study course (AI Teacher training certificate by Agnirva) for the B.Ed. first year students (session 2025- 2027) and B.Ed. second year students (session 2024-2026)..
- Orientation will be conducted offline during regular course work classes on 28-10-2025.
- The syllabus will remain aligned with C.C.S. University B.Ed. curriculum (B.Ed. first year – Teacher, teaching and technology and B.Ed. second year – Understanding ICT)

3. Study Materials and Academic Resources:

- Updated self-learning materials (SLMs) and lab facility will be made available as per the time table.
- Printed copies will also be distributed to register students as per their request.

5. Student Support and Counseling:

- Students will be given all necessary support and guidance regarding registration and other processes required for pursuing course.

Decisions Taken:

6. Approval of the. Self-Study Course for the B.Ed. students of session 2025 - 2027 and session 2024 - 2026 respectively. (AI TEACHER TRAINING CERTIFICATE BY AGNIRVA),
7. Immediate initiation of sharing messages and planning of orientation for registration in self-study course to ensure maximum participation of students.

Self-Study Course Completion Report

“AI Teacher Training Certificate” by AGNIRVA

Academic Session 2025–26

The Department of Education is pleased to report that eleven students of B.Ed. second year have successfully completed the self-study course entitled “AI Teacher Training Certificate” conducted by AGNIRVA during the academic session 2025–26. The course was organised with the objective of enhancing the digital competency, technological awareness and professional teaching skills of prospective teachers in the field of Artificial Intelligence and modern educational practices. The programme provided valuable knowledge regarding the integration of AI tools and technology in teaching-learning processes.

The students participated enthusiastically in the self-paced learning modules and successfully fulfilled all course requirements. Through this training, the participants gained practical understanding of emerging educational technologies and developed awareness of the ethical and effective use of Artificial Intelligence in education. The successful completion of the course was accomplished under the able guidance and motivation of the Convener of the course, Dr. Kavita Singh. The institution appreciates the sincere efforts and dedication of all participating students and acknowledges the importance of such professional development programmes in preparing future educators for technology-driven education systems aligned with the vision of modern and innovative learning.

Outcome of the Course:

- Enhancement of digital and technological skills among student teachers.
- Awareness regarding the use of Artificial Intelligence in education.
- Development of innovative teaching methodologies.
- Promotion of self-learning and professional growth.
- Preparation of future-ready teachers for modern classrooms.

The department looks forward to organise more such skill-oriented and technology-based training programmes in the future, aimed at the holistic development of student teachers.

Future-Ready Teachers Choose AI — Are You One of Them?

Today's classrooms are changing faster than ever before — and Artificial Intelligence is now at the heart of modern teaching. National education bodies like CBSE and AICTE have officially declared AI training as essential for teachers, ensuring that future educators are confident, capable, and ready to guide AI-powered learning.

To support this vision, Agnirva.com — a professional learning network trusted by 500+ colleges and inaugurated by IN-SPACE (Dept. of Space, Govt. of India) — is offering an AI Teacher Training Certification designed especially for future educators.

This program will help you:

- ✓ Learn how to use AI tools such as ChatGPT, Gemini, Copilot & Canva
- ✓ Design engaging lessons and creative content
- ✓ Gain AI literacy expected from 21st-century teachers
- ✓ Boost your professional profile before entering the workforce
- ✓ Stay aligned with AICTE's "Year of Artificial Intelligence – 2025" initiative

Why join now?

Students are already using AI — and tomorrow's teachers must be prepared to guide them. Completing this certification will give you a strong career advantage and help you step confidently into your teaching profession.

Course Coordinator: Dr. Kavita Singh
